Budget Amendment 2024-01

Budget Amendment No. 2024-01 February 7, 2024

CHARTER TOWNSHIP OF MARQUETTE FY 2024 BUDGET RESOLUTION

WHEREAS, it is the responsibility of the Marquette Township Board to establish General and Special Appropriations Acts for the purpose of budgeting Township finances in a manner which does not allow expenditure, including any accrued deficits, to exceed revenues, including any available unappropriated surpluses, and,

WHEREAS, the Marquette Township Board recognizes that unforeseen activities may require amendments to these Appropriations Acts, such amendments shall be made by either formal resolution of the Marquette Township Board; or, by a ten percent (10%) of budget center contingency transfer authorized by the Township Manager, in such a manner so as not to allow the total expenditures, including accrued deficits, to exceed revenues and unappropriated surpluses; and,

WHEREAS, the Marquette Township Appropriations Acts for 2024 do not permit deviations which cause expenditures for any activity to exceed budgeted amounts without amendment to the Act by the Marquette Township Board or the aforementioned contingency transfer; and,

WHEREAS, the Marquette Township Board has duly reviewed the budgets for the General Appropriations Act and the Special Appropriations Act, both Acts include all funds of the Charter Township of Marquette, at public hearings of the Marquette Township Board,

THEREFORE, BE IT RESOLVED, that the Marquette Township Board hereby amends the Appropriations Acts for 2022 in accordance with budgetary information presented to this Board and the limitations defined within this Resolution.

| | Current Budget | Amended Budget | Change |
|---------------------------|----------------|----------------|-----------|
| | | | |
| Township Improvements | | | |
| Expenditures | | | |
| Road Improvements | 0 | 150,000 | 150,000 |
| Fund Balance | 1,773,019 | 1,623,019 | (150,000) |
| Water Fund | | | |
| Expenditures | | | |
| Depreciation – General | 0 | 45,000 | 45,000 |
| Reserves/Net Position Est | 2,274,491 | 2,229,491 | (45,000) |

Authorization is requested to allocate funding to the Township Road Improvement and the Water General Depreciation Funds, due to an error in spreadsheet calculations during the budget process.

MARQUETTE COUNTY SOLID WASTE MANAGEMENT AUTHORITY

Board Meeting Minutes

Regular Meeting

January 17, 2024

DATE:

Wednesday, January 17, 2024

PLACE:

Landfill Administration Complex 600 County Road NP Marquette, MI 49855

MEMBERS PRESENT: In Person: Randall Yelle, Glenn Adams, Carr Baldwin, Dave Campana, Dennis Honch, Amy Manning and Helen Amiri (Alternate Board Member)

MEMBERS ABSENT: Joe Minelli (excused)

Mike Stannard

EX OFFICIO:

OTHERS:

In Person William T. Nordeen, Attorney; Beth Bonanni, Recording Secretary; Chris Magnuson, MCSWMA; John Anderson, MCSWMA; Jim Belpedio, Champion Township; Gary Wommer, Negaunee Township; and Jo Foley, Michigan-League of Women Voters. By Zoom: Lyn Durant, Marquette Township; Ludy White, Chocolay Township; and an unknown person.

1. Call to Order: R. Yelle called the meeting to order at 4:00 p.m.

Pledge of allegiance recited.

- 2. Approval of Agenda: D. Campana made a motion to approve the Agenda as presented. G. Adams supported. Motion passed unanimously.
- 3. Public Comment: Gary Wommer (Negaunee Township Supervisor) spoke about the email he received today from MCSWMA indicating the charge to dispose of mattresses will now cost \$20.00/per mattress effective February 1st. Mr. Wommer said Negaunee Township has a debris day once a month held on the 3rd Wednesdays of the month where residents can dispose of items like mattresses. Negaunee Township drops roll-

Regular Meeting Minutes January 17, 2024 Draft Presented January 22, 2024

offs to MCSWMA, which sometimes consists of 12 roll-offs. This only gives Negaunee Township about 2 weeks to let their residents know about the change in price for disposal of the mattresses. Mr. Wommer said Negaunee Township has a \$5.00 permit fee and residents can drop their mattresses off at Negaunee Township. If MCSWMA charges Negaunee Township \$20.00, and then Negaunee Township charges the resident \$20.00 for disposal, it is a lot of bookwork to get rid of mattresses. Mr. Wommer said he is concerned because Negaunee Township has been trying to keep mattresses and box springs out of the woods, and to date has been very successful, but believes if the residents have to haul their mattresses to MCSWMA and pay \$20.00 for disposal, the mattresses will end up back in the woods. Mr. Mommer felt he was caught crosswise with this change because he did not hear any talk about it previously from MCSWMA and all of a sudden he received an email about the changes, which only gives him 2 weeks to change their whole system. R Yelle said normally he does not respond to public comments, but he will speak with staff tomorrow and send out more information to the constituents about the change, and maybe give the municipalities 2 more weeks to implement. R. Yelle said the Landfill is having problems with mattresses, but he would get back to Mr. Wommer by the end of the week.

4. Approval of Minutes

a. 12/20/23 – Regular Meeting

C. Balwin made a motion to approve the 12/20/23 Regular Meeting Minutes. D. Campana supported. Motion passed unanimously. C. Baldwin asked why in the Minutes under Members Absent it says Joe Minelli and then below that, under Others, it says Joe Minelli by Zoom. C. Baldwin asked if Joe Minelli appearing by Zoom counts him as being a member present or not. B. Nordeen said no. There was an exception during COVID where board members were allowed to appear by Zoom but that has since ended. Municipalities are not allowed to have board members appear by Zoom. Mr. Nordeen said the Minutes are correct as written.

A. Manning asked if an announcement could be made on who is attending by Zoom before the meetings are started. C. Magnuson said yes.

- 5. Consent Agenda
 - a. Statistics –December 2023
 - b. Accounts Payable
 - c. MRC Agreement
 - d. Miller/Canfield

Page 2 of 6

A. Manning requested 5a be pulled out of the Consent Agenda for discussion. C. Baldwin made a motion to approve the Consent Agenda item numbers 5b, c, and d with 5a being removed for discussion. G. Adams supported. Motion approved unanimously. A. Manning noticed leachate numbers were substantially up for 2023 and asked if there was a particular reason for it or if it was due to weather-related issues. M. Stannard said it was because there was an extensive area where the Landfill was exposed. Toward the end of the year, the Landfill put down an interim cover and then had a company put down 3 ½ acres of cover. The leachate numbers will come way down even after the Spring thaw. A. Manning made a motion to approve 5a, C. Baldwin supported. Motion approved unanimously.

6. Business

a. Banking – A. Manning made a motion to approve the banking – D. Honch supported. Motion approved unanimously.

b. Financials – A. Manning made a motion to approve the Financials G. Baldwin supported motion. Motion approved unanimously

c. Recycling Financials – A. Manning made a motion to approve the Recycling Financials. G. Adams supported. Motion approved unanimously, A. Manning said she noted at the last meeting that the Landfill financials go by fiscal year and the recycling financials are by calendar year and asked if there was any particular reason the two are done differently? C. Magnuson said it is because the recycling facility's first operational month was in January, 2021 and it was decided to start tracking the recycling financials on a calendar basis. A. Manning asked if it would be easier if the recycling financials were switched to the fiscal year. C. Magnuson said he thinks having the recycling financials listed by the calendar year is better because it shows the peaks and values of the processes and markets.

d. Reimbursements D: Campana made a motion to approve reimbursements. A. Manning supported. Motion was approved unanimously.

e. Appointment of Authority Negotiating Team – R. Yelle said he would like to put together a negotiating team for the Authority. A. Manning and D. Campana indicated they were willing to serve on the subcommittee. Joe Minelli also said he would be interested as well. R. Yelle indicated the only issue is J. Minelli would not be around during the period of time needed. R. Yelle asked for a motion to be made to nominate A. Manning, D. Campana and himself to negotiate with the Union on behalf of the Authority. G. Adams made a motion to appoint A. Manning, D. Campana and R. Yelle as the subcommittee's negotiating team. C. Baldwin supported. Motion approved unanimously.

Regular Meeting Minutes January 17, 2024 Draft Presented January 22, 2024

7. Reports

a. Director Report – M. Stannard reported there have been no grievances filed and no recordable injuries since the last board meeting.

MCSWMA signed the \$900,000 grant they received from EGLE for the tipping floor expansion at the recycling facility. Initial estimates indicate that the Landfill can expand up to 4,000 sq. feet and add a trommel. The expansion is due to the Part 115 rule changes and recycling coming from other counties. A Manning asked what a trommel was. M. Stannard said it is a large conveyor that rotates, drops out the small pieces of unwanted contamination and then moves the larger pieces forward on a belt through the recycling facility.

MCSWMA is also applying for a \$225,000 grant match from The Recycling Partnership and is in the process of providing information to them.

The EGLE 1st Quarter Inspection was completed and everything went satisfactorily. EGLE issued a compliance letter to MCSWMA on the inspection.

The contract was signed with Tetra Tech for the Leachate Management/New Wastewater, reatment Plant Construction. A meeting was held with Tetra Tech and they are looking into what information is needed from the Landfill so that they can start the plant design.

Leachate has come down the last month because of the mild Winter.

Preliminary discussions were held with Semco, NW Natural Renewables, and North American Power Systems on a gas recovery project. NW Natural Renewables already provided a proposal and M. Stannard indicated he is waiting to hear back from North American Power Systems. Semco is very interested in this project so this is very encouraging.

The Landfill is receiving quite a bit of construction debris from the Marquette General Hospital demolition and KI Sawyer demolition projects. Tonnage has gone up quite a bit.

There has been an uptick in price on OCC's and plastics are stable with no change.

Page 4 of 6

MCSWMA has hired two new employees for the recycling facility. One employee has started already and the other new hire starts next week.

A bid was put in at Marquette Township for a used vehicle for use onsite and the Authority is waiting to hear back. The City of Ishpeming was going to put in their Meeting Agenda that the Landfill was interested in purchasing two vehicles.

G. Adams made a motion to approve the Director's Report. C. Baldwin supported. Motion approved unanimously.

A. Manning asked M. Stannard to provide some information on the back story about the mattresses. M. Stannard said the charges went up on disposal of the mattresses because they are such a nuisance to deal with. Staff has to spend time taking coils out of the machinery and it is time-consuming. There were discussions internally with B. Austin before about the situation with the mattresses but nothing came to fruition. Delta County charges a \$20.00 disposal fee for mattresses so it is not unprecedented. M. Stannard knows there is an issue about mattresses being placed in the woods but the Landfill had to do something because it takes up a lot of the Landfill's staffs time.

C. Baldwin asked if there is any uniformity in the way the three companies are proposing to utilize gas recovery from the Authority. M. Stannard said Semco is not going to give MCSWMA a proposal to capture the gas, they are just going to be the receivers of it. The Authority wanted to see if Semco was interested in receiving the gas. North American Power Systems has not responded yet. D. Honch asked how much gas is produced at the Landfill. M. Stannard said the initial tests indicate the Landfill generates approximately 500 cubic feet per minute, and this number is around the lower end. D. Campana asked if the gas recovery is something the Landfill could handle or would it have to be farmed out. M. Stannard said it has been discussed. Gas recovery will be concurrent with partial closure so the gas system will be part of the design. In the long run, it is something the Landfill could run when the system is up and running..

b. Attorney Report – B. Nordeen provided an oral report and indicated there is no litigation involving the Authority at this time. Mr. Nordeen has been working on the financing for the front-end loader and said there is more scrutiny right now because of the bonding for the PFAS processor so the Treasury will be looking into the Landfill's finances. Miller-Canfield (bond attorneys) are being very conservative on how the financing is being done with the front-end loader so it is causing a delay in the Landfill getting the front-end loader. Work continues to be done on the bonding process and Mr. Nordeen is hopeful to get the necessary signatures on the contract bond from the

City of Marquette and Sands Township shortly.

The engineering contract for the design of the Wastewater Treatment Plant has been completed and is in place with Tetra Tech.

- c. Subcommittee Reports None.
- 8. Public Comment: Gary Wommer said in regards to gas recovery, you would have to be living on the moon if you don't know about Michigan's policy on clean and renewable energy. Mr. Wommer said he would advise MCSWMA not to make their decision too quickly because clean energy will be coming off the gas and everyone is going to be wanting it. All the big players, such as Wisconsin Electric and North State Powers will be looking at getting every megawatt of clean energy they can get. The Landfill has something that is worth something and should get whatever they can out of it.
 - Lyn Durant (Marquette Township) said she thought in the EGLE agreement for the tipping floor expansion it said MCSWMA could not have any other funding and M. Stannard said The Recycling Partnership was going to provide MCSWMA with a \$225,000.00 match.
 - Mr. Durant asked if someone could let her know tomorrow if she is interpreting the Eagle Agreement wrong

9. Trustee Comments: None.

10. Adjournment: R. Yelle adjourned the meeting at 4:25 p.m.

Randall Felle, Chairperson

Helen Amiri (Alternate Board-Member)

MEMBERS ABSENT: Amy Manning excused), Joe Minelli excused), Glenn Adams (unexcused)

EX OFFICIO: Mike Stannard

- OTHERS: In Person William T. Nordeen, Attorney; Christopher Magnuson, MCSWMA; Joe Nowicki, MCSWMA; Gary Wommer, Negaunee Township. By Zoom: Artie Kremen, Tetra-Tech; Jennifer Bowyer, Tetra-Tech; Kirstie Shurie, Tetra-Tech; unknown person with cell number 906-250-9013 (logged off at 12:12).
 - 1. Call to Order: R. Yelle called the meeting to order at noon.

Pledge of allegiance recited.

- 2. Approval of Agenda: C Baldwin made a motion to approve the Agenda as presented. D. Campana supported. Motion passed unanimously.
- 3. D. Campana made a motion to change the technology being used on the new processor from activated carbon to Reverse Osmosis (RO), pursuant to staff's recommendation. C. Baldwin supported.

Discussion ensued. The Director, Mike Stannard, provided information in support of the change, including that RO is more cost effective, resolves more materials, and is less labor intensive. Stannard stated that the EGLE staff is now in support of the change.

Page 1 of 3

Stannard said that the only downside is that the cost of NTH will not be reimbursable, but the reduction in cost for RO versus activated carbon more than offsets that issue.

When asked about the financial issue, the Authority financial director, Christopher Magnuson, stated that as long as the overall cost is less, it works.

Joe Nowicki, Landfill Supervisor, commented in how the RO technology addresses more constituent chemicals and how the blending works: Nowicki also stated that reducing the landfill footprint will result in less leachate and reduced costs.

C. Baldwin commented on less equipment needed under RO and how this will help if we have changing technology in the future to address PFAS materials.

H. Amiri stated that not having reimbursement of the NTH costs is a tough pill to swallow, but it is made up by a reduction in the overall cost.

D. Honch asked about stand-by generators that are needed for this process. A. Kremen answered.

D. Campana said it looks like less cost, so it is a no brainer.

R. Yelle said he was initially on the fence on changing technology, but is now convinced this is the proper way, as long as Tetra-Techmeets the deadlines.

A Kremen made several comments. Kremen said the staff presented the issue well; the timeframes are attainable; the Authority can save some funds if Authority staff does the residual management; RO technology better serves as a long term solution for the Authority

C.Baldwin stated that ROSS less dependent on mixing water.

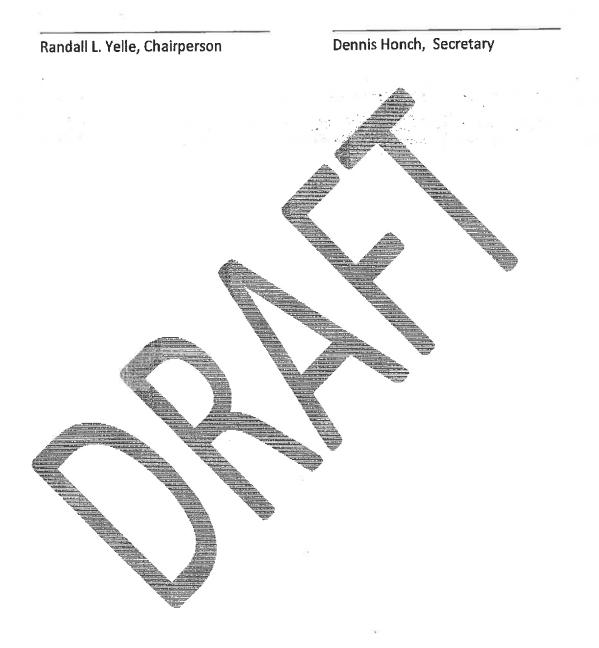

Chairperson called for a Roll Call Vote: Randall Yelle, Carr Baldwin, Dave Campana, Dennis Honch, and Helen Amiri were all in favor; no opposed.

4. Public Comment:

G. Wommer said thank you for the information, it was very informative. Although he said he did not know of the meeting until he happened to run into the Chairperson. Wommer asked if the Authority could better inform the constituent municipalities of special meetings. R. Yelle said they will work to improve that moving forward.

Page 2 of 3

5. Chairperson R. Yelle adjourned the meeting at 12:28 pm.

:SWMA Chairman <mcswmachairman@gmail.com> : Amy Stakvel <amymcswma@gmail.com> Mon, Feb 12, 2024 at 11:54 Al

3. 11 (1977) 101 (1977)

------ Forwarded message ------From: Karen Kovacs <kkovacs@marquettemi.gov> Date: Fri, Feb 9, 2024 at 3:17 PM Subject: RE: Bond Fo: Randy Yelle - MCSWMA Board Member <mcswmachairman@gmail.com> DC: Bill Nordeen <bnordeen@mqt-law.com>

We see

Randy –

This analysis took longer than anticipated because of the limited information and complexity of the situation.

Based on the information you shared last week regarding the alternative to building a wastewater treatment plant, which is to transport and process the wastewater, we have noted the following financial impact.

- Processing: \$280,000
- Trucking: \$3,423,200 \$6,224,000
- Result in an increase in tipping fees of \$57.05/ton \$103.73/ton
 - Based on 2022 reported tonnage for the City (31,728), this would equate to an additional \$1,800,000-\$3,300,000 cost to city users (household, commercial, etc.)

After reviewing previously provided information (January 2023), alternative funding sources are summarized below:

- City Millage for Garbage Disposal
 - PA 298 of 1917
 - Up to 3.000 mills
 - Does not count against our max 20.0000 mills
 - City of Marquette TV: \$819,423,607
 - \$2,458,270/annually
 - Residents cannot afford 3.000 mill increase
 - Impose a \$25/household surcharge for recycling
 - Only covers recycling costs
 - 27,345 households in the county
 - Marquette City 8,420
 - \$683,625/year total
 - \$210,500 Marquette
 - County Recycling Millage (or special assessment?) 0.1000 (per Randy)
 - Only covers recycling costs
 - Marquette County TV: \$3,208,123,219
 - \$320,812 revenue
 - City of Marquette TV: \$819,423,607

Infortunately, we must consider the impact of pledging our full faith and credit for an additional \$5 million (at least) more. We have been advised that the proposed contract bonds would negatively impact our bond rating, which we worked so hard to improve this past year. To make matters more awkward, in the same email you provided additional information, there was mention of the MCSWMA obtaining additional unsecured debt to purchase of equipment. We were requested to be "good neighbors" and uncomfortably extend our credit, but I cannot recommend that to the Commission at this time.

Please help me understand if I am missing a solution or alternative that has been presented.

Karen Kovacs

Karen; I need to know where we are at, regarding the bond and when/if you're commission is going to move forward. If not we'll need to move away from the contract bond to revenue bond therefore look at tipping fees to cover the cost. If you want, we can meet, just give me a date and time. Sooner the better. Randy

MARQUETTE COUNTY SOLID WASTE MANAGEMENT AUTHORITY 600 COUNTY ROAD NP 9HONE: (906) 249-4125 • MARQUETTE, MI 49855

February 14, 2024

Manager, City of Marquette Karen Kovacs

Dear Karen:

I received your email dated February 12, 2024, I am referring to the last paragraph, which reads as follows:

Unfortunately, we must consider the impact of pledging our full faith and credit for an additional \$5 million (at least) more. We have been advised that the proposed contract bonds would negatively impact our bond rating, which we worked so hard to improve this past year. To make matters more awkward, in the same email you provided additional information, there was mention of the MCSWMA obtaining additional unsecured debt to purchase of equipment. We were requested to be "good neighbors" and uncomfortably extend our credit, but I cannot recommend that to the Commission at this time.

I thank you for your consideration regarding this bond issue. A couple of comments.

Bond Obligation:

The City of Marquette has already provided its irrevocable full faith and credit in paying the Plan of Financing at the Authority and is required by the Intergovernmental Agreement to pledge its full faith and credit towards payment of any bonds:

> "Upon approval of the Plan of Financing the Constituent Municipalities irrevocably agree to execute, deliver, and carry out the Plan of Financing, and to pledge their full faith and credit towards the repayment of any underlying bond. If necessary, the Plan of Financing may be modified from time to time by the Authority with unanimous approval of the Authority Board."

Article IV, last two paragraphs.

Thus, this should not affect the city's bond rating since you already have this ongoing bond obligation under the Intergovernmental Agreement. Unless maybe the bond review failed to identify this obligation.

Bond Financing:

The \$5 million is not additional money. The bond would be combining various debt that is already in place, approximately \$4.4 million, which includes the

remaining balances from the CLF and Honor Credit Union loans for the recycling and various outstanding equipment loans. The CLF and Honor Credit Union loans were for the Authority to proceed with going to single-stream recycling equipment, which was initially \$6.6 million, not including the required expansion of the housing unit, as well as the glass recycling equipment and structure.

You referred to another unsecured debt. This, if pursued, is for a replacement front-end loader. This would be secured with the agreement of a lease to own and/or the guarantee of an existing CD. It would not use our full faith and credit.

We will be meeting soon with Miller/Canfield regarding what we will need to accomplish going forward without the City of Marquette (largest user) for both the combining of existing debt and the State of Michigan financing for the required PFAS processor of approximately \$7 million with guaranteed forgiveness of 60% with the remaining \$2.6 million as a state 30-year low interest loan. This will allow the Authority to install a wastewater treatment plant for the treatment of PFAS for the life of the landfill. This plant would also remove existing leachate lagoons from the approved landfill cells.

I am disappointed that we could not come to a mutual understanding regarding this issue. The Authority Board will pursue other options, in hopes of moving ahead for what is in the best interest of the nineteen townships and three cities. Again, thank you for trying.

Respectfully,

Randall L. Yel

Chairperson MCSWMA

600 COUNTY ROAD NP PHONE: (906) 249-4125 • MARQUETTE, MI 49855

February 1, 2024

Dear Karen;

Per our meeting on January 31, 2024, I am providing the following information addressing the bond issue to combine the present lease and loans through Miller/Canfield. We need this accomplished soon to proceed with the State approved money for the wastewater treatment plant that will also address PFAS. The State loan is in the amount of \$7 million with 60% forgiveness by the State (\$4.4 million). This will leave the Authority with a note of approximately \$2.6 million at a low interest rate.

You asked what the future cost would be if we were not to proceed. The current wastewater treatment system may not be able to meet the revised Part 115 standards, therefore, without the new wastewater treatment plant in place by 2027 the Authority, if not able to meet the required discharge requirements would need to ship out its wastewater. As of today's costs, the trucking fees alone would be as follows:

- 1) Destination #1 Kalkaska, MI \$3,423,200
- 2) Destination #2 Detroit, MI \$6,224,000

Again, the above is for trucking only and it does not include processing fees. Therefore, the tipping fee would be required to be increased at a minimum of \$57.05 per ton for Kalkaska and \$103.73 per ton for Detroit. MCSWMA discharges 14,000,000 gallons per year. See attached form.

Thank you,

andad & Helle

Randall L. Yelle Chairman, MCSWMA

cc; Sands Township Supervisor MCSWMA Trustees

Directors Report

No grievances filed since the last board meeting No recordable injuries since the last board meeting

EGLE Grants/Compliance/Legislative

- EGLE approved the MCSWMA Surface Emissions Monitoring (SEM) Plan
- EGLE approved MCSWMA Certification Report for the liner extension on the
- south side of the landfill (Cell 1 East/Cell 2A Liner Tie-In project)
 - EGLE completed the NPDES compliance inspection with no issues indicated

Leachate Management/New Wastewater Treatment Plant Construction

- Tetra Tech has commenced design work on the WWTP
- Bi-weekly meetings with Tetra Tech and EGLE re: WWTP

Landfill/Solid Waste

• MGH and KI Sawyer demolition projects are generating a large volume of asbestos materials for disposal at the landfill.

Regional Recycling Facility

- OCC and paper on the rise again
- Plastics remain the same this month
- Inbound dropped this month haulers are having truck issues

Misc.

i.,

A Second A

• City of Ishpeming approved the sale of two used vehicles to MCSWMA for a total of \$1,500. Vehicles are now on-site.

Mike Stannard Director of Operations February 21, 2024

Fairlane Center South 19000 Hubbard Drive Dearborn, MI 48126-2638 (313) 593-5460 Fax (313) 271-9838 umdearborn.edu/cob

Dear Community Leader,

Thank you for your participation in UM-Dearborn's 2023 eCities program!

Each year, the eCities project collects and analyzes data across Michigan communities as it relates to entrepreneurship, economic development, and job growth. Specifically, the study examines five-year's worth of publicly available data relating to community growth and investment metrics that impact the business community. This information is available on the performance report and showcases your community's progress on a number of key values. Further, the data points are benchmarked against the State of Michigan, as well as the other 276 participating communities, allowing you to easily interpret your results. Award certificates are included for communities that showed the most success numerically over the last five years. Top performers are considered five-star communities, while the next best performers are four-star communities.

In addition, we invited each community to complete the honored community survey, which included questions about business climate improvement efforts and small business support. If your community participated in this portion of the project, a report card containing reviewer feedback about your entries is included.

Summary details of the project are available on the eCities website, https://umdearborn.edu/cob/business-community/office-engagement-andimpact/entrepreneurship/ecities.

We would like to commend your community for its commitment to development and growth. We will send you an email when the 2024 eCities project commences. We hope that you will join us so that we can continue supporting development across Michigan. If you have any questions before then, please feel free to contact me.

Thank you for your involvement in this project.

KAMI L. Koualski

| C1 | Non-Homestead Tax Rate | 0.41% | 0.13% |

eCities examines eleven data points relating to community growth and investment metrics. Using the past five years' data (2018-2022), this document reports your community's growth rate ("Five-Year Community Trend" column) for each data point. The equivalent growth rates, ("Five-Year Comparison Trend" column), are displayed for the state of Michigan values for the first seven points, and the last four points for the 277 eCities 2023 participating communities.

AI-A7 are property values within the community as reported by the Michigan Department of Treasury.

BI-B3 are the year-end governmental assets as reported on your annual audited financial reports.

CI is the tax rate(s) for non-homestead (non-PRE) properties within the community as reported by the Michigan Department of Treasury.

UNIVERSITY OF MICHIGAN-DEARBORN

Charter Township of Marquette January 2024 Financial Statement Highlights

General Fund

Property tax revenue was recognized in January for the collections from December 1, 2023 to December 31, 2023. Expenditures included usual labor, supplies and utilities.

Fire Fund

The January revenue consists of tax collection revenue and ambulance fees. Expenditures included usual labor, supplies, utilities, as well as a transfer to the General Fund for \$7,000.

Liquor Law Enforcement Fund

The monthly transfer to the General Fund was made in January.

Township Improvements Fund

There was no activity in January.

Library Fund

Property tax revenue occurred in January for the above-mentioned distribution.

Stormwater Fund

There was no activity in January.

Wastewater Fund

January Wastewater revenue was mostly from utility billing. Major expenditures include labor, supplies and maintenance items. The unrestricted Net Position is \$4,089,159 as of January 31, 2024.

Water Fund

January Water revenue was mostly from utility billing. Expenditures were mainly labor, supplies and repair parts. The unrestricted Net Position is \$2,291,230 as of January 31, 2024.

Solid Waste Fund

Usual revenue from garbage collection and landfill usage was received in January, offset by the collection fee, labor and supply costs. The unrestricted Net Position is \$355,570 as of January 31, 2024.

Metro Authority Fund

There was no activity in January.

MARQUETTE CHARTER TOWNSHIP

1000 Commerce Drive Marquette, Michigan 49855 Ph | 906.228.6220 Fx | 906.228.7337 www.marquettetownship.org

To: Township Board CC. Manager Jon Kangas From: Superintendent of Public Works Leonard Bodenus Date: February 16, 2024 Regarding: February 2024 Public Works and B/G Staff Report

590 Wastewater

Center Street grinder tank repair. The fitting right at the tank was cracked. Fitting was replaced. This is a similar repair to a few other grinders we have had this year. Not sure if the up and down temperatures have had anything to do with the breaks.

Routine manhole and sewer pit inspections. Sewer meter weir cleaned.

Routine grinder replacement and repairs.

<u>591- Water</u>

Water leak on Norwood Street. A customer called complaining about a hissing sound in the basement. After investigation it was determined that a corporation stop was leaking on the opposite side of the street. Upon excavation it was found that the water had worn a small pin hole in the brass. Problem was fixed by replacing the corp.

Routine wellhouse duties. Chemical deliveries, injector replacement, chemical tank replacement.

Working with Fishbeck to come up with a plan for potential upgrades to the Cox Pumphouse.

Building and Grounds

Building and grounds staff has been busy on routine cleaning and snow removal activities as needed.

Ice rink basically lasted about 1 ¹/₂ weeks. After the last warm spell, the ice is totally gone.

Staff member has completed online turf management course.

Mission Statement:

| | NEEDS | WANTS |
|-------------------|---|---|
| Township Board | Resolve storage needs Sell excess acreage Maintain sustainable revenue & expenses Positive communication with partners Explore cross-municipal water agreement with city of Marquette | Acquire land for "Township Center" park Involvement of young adults and parents Micro-volunteer program to enhance sense of community Increase community involvement in events Create "Township Center" park Volunteer recognition |
| Public Works Dept | Asset Management completion Cox Pumphouse upgrades Lead service line verification completion Culvert projects | - Ice rink roof |
| Fire Department | Ambulance Fire truck Staffing | - Address numbers on homes and businesses |
| Planning Dept | - Seed money for recreation grants | Solar recommendation on new home and commercial construction |

Board Action Item

| Board Meeting Date: | February 21, 2024 |
|---------------------|---|
| Agenda Item #: | 8.B. |
| Proposal: | To approve the purchase and use of an asset management software by Brightly Inc. |
| Presented by: | Leonard Bodenus |

Background:

A good asset management system provides real-time and long-term information on an asset. This may include the projected condition, location and maintenance record of said asset. This data can be used to road map out improvement and replacement schedules far out into the future. This is especially important to maintain system reliability and budgeting. The Brightly software will also eventually be tied to our BS&A software which will allow data sharing between the Public Works Department and Finance in real time. This will involve additional fees, but will be presented at the time of integration. We plan on incorporating not only water and sewer, but parks and facilities as well.

| Attachments: | 1. Brightly |
|-----------------|---|
| Cost: | \$ Initial set up cost of \$12,640.91 with yearly subscription service as set forth in the subscription table. |
| Budget Account: | Water, Sewer, General Fund Building and Grounds. |

Recommended motion:

To approve Brightly Asset Management program as presented and authorize the Supervisor to sign the agreement.

Mission Statement:

PREPARED FOR

Charter Township Of Marquette ("Subscriber") 161 Co. Road. 492 Marquette, MI 49855

PREPARED BY

Brightly Software Inc ("Company") 11000 Regency Parkway, Suite 300 Cary, NC 27518

Dude Solutions is now Brightly. Same world-class software, new look and feel.

Meet Brightly at brightlysoftware.com

Asset Essentials Implementation with Consulting GIS Rider Statement of Work

Summary:

Company will provide specified professional consulting services to Subscriber to implement Asset Essentials, an on-line Computerized Maintenance Management System – Geographic Information System (GIS) functionality. These professional services include meeting with key stakeholders to ensure the set-up and configuration of the system will meet the client's operational needs; location and category hierarchies are configured appropriately; workflows meet the needs of the business; available data is cleaned, aligned and imported; and end users are trained and ready for go-live.

In Scope: The Deliverables below will be considered in scope of this SOW

- 1. Asset Essentials GIS Implementation
- 2. Asset Essentials GIS Training

Deliverables:

- Project initiation and discovery
- Available GIS data loaded
- GIS configuration
- User acceptance testing (UAT)
- End User training for Administrator and Full User roles

Acceptance Process:

As each deliverable is completed, the Project Coordinator will confirm with the Subscriber and document acceptance in the Project Community Portal.

- Project initiation and discovery
 - Kickoff call complete.
 - Discovery call complete
 - Data, configuration, and training requirements documented.
- Available Data Loaded
 - · Available GIS data is loaded in AE to meet documented data requirements.
- Account Configuration
 - GIS features have been setup and configured to meet documented configuration requirements.

- User Acceptance Testing
 - Consultant-led end-to-end walkthrough and client UAT has demonstrated functionality satisfying configuration requirements.
- End User Training
 - · Administrator and Full User roles have been received training on their role.

Assumptions:

Subscriber Assumptions:

- There will be a single point of contact/project manager for the duration of the project.
- IT department is responsible for ensuring access to mobile devices, internet connections, email access, and web link access to the software such as white listing IP addresses.
- The appropriate resources will be available for all scheduled activities. Canceling or rescheduling consulting activities within 2 weeks of the scheduled activity may result in a rescheduling fee being assessed.
- For on-site activities, Subscriber will provide a dedicated space with adequate technology, including but not limited to monitor/projector, computers, mobile devices, quality phone and internet connections.
- Will provide relevant data to be loaded in a timely manner and in Excel or CSV format. Each record type will be provided in one file with one sheet with column headings and one record with corresponding attributes per row.
- If unable to provide data in an acceptable format for import, Consultant will guide Subscriber on how to manually create records.
- Subscriber has up to five business days to confirm deliverable acceptance. No response will be interpreted as acceptance.

Company Assumptions:

- · Consultant will not access any 3rd party systems for the purpose of exporting data.
- · For on-site activities, Company will bill Subscriber for actual travel and associated expenses incurred.
- Any services not explicitly included in this SOW are assumed to be out of scope.

Project Schedule:

- Kick-off Call with Project Coordinator
 - Confirm software and services purchased
 - Identify key stakeholders
 - Assign resources
 - · Schedule key milestone dates, including anticipated projected completion date
 - Access to Company's on-line Learning Management System
 - · Access to an interactive project plan
- Discovery with Consultant
 - · Interview key stakeholders to understand specific maintenance & operations objectives
 - · Overview of AE with key stakeholders, including data import requirements
 - Determine optimal GIS configuration to meet objectives and drive KPIs

- · Document data, configuration, and training requirements
- · Schedule required consulting activities and confirm projected completion date
- Data loaded by Consultant
 - Review, cleanse, and load available GIS data
- · Account configuration by Consultant
 - Work Order creation from Map
 - Citizen Portal
 - Mobile Profiles
 - Configure GIS Map settings
 - Configure GIS Layer configuration
 - Asset syncing
- User Acceptance Testing
 - · Configuration demo to walk through the end-to-end workflow from request to completion
 - Demonstrate key functionality meets configuration requirements
- Consultant conducts End User Training for Administrator and Full User roles
 - End-to-end walkthrough for their role
 - Desktop and mobile training
- Project Close

Change Management:

Subscriber may request that the Company add services not in the specifications by submitting a written proposed change order to the Company. Submitted change requests will be reviewed for approval. Approved change orders will become part of the applicable SOW when executed by both Parties, and the services described therein will become part of the services.

Invoicing:

At the conclusion of Go Live Support, the main consulting milestone will be completed to trigger billing for the full consulting service.

Asset Essentials Implementation with Consulting Statement of Work

Summary:

Company will provide specified professional consulting services to Subscriber to implement Asset Essentials (AE), an on-line Computerized Maintenance Management System. These professional services include meeting with key stakeholders to ensure the set-up and configuration of the system will meet the client's operational needs; location and category hierarchies are configured appropriately; workflows meet the needs of the business; available data is cleaned, aligned and imported; and end users are trained and ready for go-live.

In Scope: The Deliverables below will be considered in scope of this SOW:

- 1. Asset Essentials Implementation with Consulting
- 2. Asset Essentials Training
- 3. Post Consulting Go-Live Support

Deliverables:

- Project initiation and discovery
- · Available location, asset, user, PM schedule Data Loaded
- Account configuration
- User acceptance testing (UAT)
- End User training for Administrator and Full User roles
- Go-Live support

Acceptance Process:

As each deliverable is completed, the Project Coordinator will confirm with the Subscriber and document acceptance in the Project Community Portal.

- Project initiation and discovery
 - Kickoff call complete
 - · Discovery call complete
 - · Data, configuration, and training requirements documented
- · Available data loaded
 - Available location, asset, user, PM schedule data is loaded in AE to meet documented data requirements.
- Account Configuration
 - · Account has been setup and configured to meet documented configuration requirements.
- User Acceptance Testing
 - Consultant-led end-to-end walkthrough and client UAT has demonstrated to Subscriber functionality meets configuration requirements.
- End User Training
 - Administrator and Full User roles have received training on their role.
- Go-Live Support

· 30-day Go-Live Support period has been concluded.

Assumptions:

Subscriber Assumptions:

- There will be a single point of contact/project manager for the duration of the project.
- IT department is responsible for ensuring access to mobile devices, internet connections, email access, and web link access to the software such as white listing IP addresses.
- The appropriate resources will be available for all scheduled activities. Canceling or rescheduling consulting activities within 2 weeks of the scheduled activity may result in a rescheduling fee being assessed.
- For onsite activities, Subscriber will provide a dedicated space with adequate technology, including but not limited to monitor/projector, computers, mobile devices, quality phone and internet connections.
- Will provide relevant data to be loaded in a timely manner and in Excel or CSV format. Each record type will be provided in one file with one sheet with column headings and one record with corresponding attributes per row.
- If Subscriber is unable to provide data in an acceptable format for import, Consultant will guide Subscriber on how to manually create records.
- Subscriber has up to (5) business days to confirm deliverable acceptance. No response will be interpreted as acceptance.

Company Assumptions:

- · Consultant will not access any 3rd party systems for the purpose of exporting data.
- Once End User Training has been completed, 30-day Go-Live Support period begins, consisting of up to 4 weekly 30-minute check-ins with the Implementation Specialist. If client does not attend a scheduled check-in, it will be assumed no assistance was needed.
- · For on-site activities, Company will bill Subscriber for actual travel and associated expenses incurred.
- · Any services not explicitly included in this SOW are assumed to be out of scope.

Project schedule and approach:

- Kick-off Call with Project Coordinator
 - Confirm software and services purchased
 - Identify key stakeholders
 - Assign resources
 - · Schedule key milestone dates, including anticipated project completion date
 - · Access to Company's on-line Learning Management System
 - Access to an interactive project plan
- Discovery with Consultant
 - · Interview key stakeholders to understand specific maintenance & operations objectives
 - Overview of AE with key stakeholders, including data import requirements
 - Determine optimal AE configuration to meet objectives and drive KPIs
 - Document data and configuration requirements
 - · Schedule required consulting activities and confirm projected completion date

€

- Data loaded by Consultant
 - · Review, cleanse, and load available user, location, asset, and scheduled PM data
- Account configuration by Consultant
 - Populate key drop-down menus
 - Review/modify request and work order templates
 - Configure workflow for request/approval/assignment of work orders
- User Acceptance Testing
 - · Configuration demo to walk through the end-to-end workflow from request to completion
 - · Demonstrate key functionality meets configuration requirements
- · Consultant conducts End User Training for Administrator and Full User roles
 - · End-to-end walkthrough for their role
 - Desktop and mobile training
- Go-Live Support
 - · Company provides (4) weekly check-in calls with Implementation Specialist and Subscriber
 - Company Implementation specialist addresses any issues identified. Where issues require product support, Implementation Specialist will submit to Company Support
 - Implementation Specialist adjusts configurations as needed prior to project close
- Project Close

Board Action Item

Board Meeting Date: Agenda Item #: Proposal: Presented by: February 21, 2024 8.C. Consider IT Switch Upgrade Proposal Jon Kangas, Township Manager

Background:

In January, I met with staff from Integris to review our IT infrastructure. During that meeting, I was informed that our system "switches" were all past due for replacement/upgrade. Since then, I have received a quotation to replace the referenced switches. The total cost of this work is estimated at \$20,553.21 which would be split between the General Fund, Fire Fund and Water/Sewer Funds. Here is the breakdown (labor is rounded, resulting in a slightly different number): General Fund (Township Hall): \$13,542.50 Fire Fund: \$2,953.92 Water/Sewer (Public Works): \$4,112.06

Many of these switches are as old as the buildings they occupy and have ultimately exceeded their life expectancy. While the General Fund only has \$10,000 budgeted for 2024, it is recommended that all the switches be replaced now due to the limited remaining life. We have experienced downtime in the past month due to issues with at least one of the switches. A budget amendment will be necessary to cover the budget overage in the General Fund (\$3,542.50). The \$3,542.50 would come from the Fund Balance.

I recommend authorization of the switch upgrades as presented.

| Attachments: | None |
|-----------------|----------------------------------|
| Cost: | \$ 20,553.21 |
| Budget Account: | GF, FF, Water/Sewer - per above. |

Recommended motion:

Approve the IT switch upgrade quote from Integris in the amount of \$20,553.21.

Mission Statement:

Board Action Item

| Board Meeting Date: | February 21, 2024 |
|---------------------|--|
| Agenda Item #: | 8.D. |
| Proposal: | To authorize Marquette Township to send a representative to the National AWWA convention for the purpose of representing Marquette Township and Michigan in the National Water Taste Test Competition. |
| Presented by: | Leonard Bodenus |

Background:

In the Fall of 2023, Marquette Township was deemed the best tasting water in Michigan. This allows us to participate in the national contest at the ACE24 convention that will be held this June in Anaheim, California. The Michigan section will provide a \$500 stipend to be used for either conference registration and/or travel. Someone from Marquette Township would have to attend the conference to represent the Section.

| Attachments: | None |
|-----------------|------------------------------|
| Cost: | \$ Not to exceed \$2400 |
| Budget Account: | Water: Travel and Conference |

Recommended motion:

To authorize a representative of Marquette Township to attend the ACE24 conference and to pay travel and lodging expenses in an amount not to exceed \$2400.

Mission Statement:
